

# SOLIDEAL PORTMASTER

No stronger bias tire

**Massively deep tread**

Provides longer service life on any surface

**Strongest carcass and sidewall protection**

Prevents carcass damages due to cutting and sidewall impact

The strongest and most durable bias tire in the world. Ideal on hard surfaces and in highly abrasive environments, its extremely deep tread increases service life while providing the strongest carcass and the most sidewall protection possible.

# GROUND SUPPORT EQUIPMENT (GSE)

# SOLIDEAL AIR 561 ZZ RIB SERIES

## Perfectly balanced

### NEW rib pattern design

Improves rolling resistance

### High performance compound with lower heat build up

Help reduce wear on heated airport apron surfaces

### Deeper tread

Provides extra lifetime

### Lugs and sipes

Increase traction on low grip conditions.

Best all around tire for GSE applications. Delivering great life on high temperature apron surfaces combined with low rolling resistance and traction.

# SOLIDEAL RIB

## Low vibration

### Circumferencial ribs

High cornering capability and low vibration

### Low rolling resistance

Increased battery life and reduced fuel consumption

### Excellent tread rubber compound

For long lifespan

Solid tire mainly for GSE applications (baggage cart and tractors) offering high cornering capability, low vibration and long lifespan. Also suitable for regular forklift trucks.
