

# FORKLIFT 608 PATTERN

## CENTRAL RIB DESIGN

Unique rib design provides even tread wearing and significantly enhances traction in all conditions

## ADVANCED TECH COMPOUND

Specially designed for heavy duty and optimizing durability and stability in different applications

## DEEP LUGS AND TREAD

High lug-to-void ratio reduces tread strain to extend machine and tire service life and lower operational cost

### ✓ Non-marking is available:

Mostly used in food, paper, pharmaceuticals or any other industries require clean working environment
