

SUPPORTING YOUR PRODUCTIVITY CHALLENGES

EXTENSIVE RANGE OF PRODUCTS

We offer a wide selection of specialized tires for all your warehousing, logistics and industry activities, providing the optimal solution for any vehicle and application.

BEST-IN-CLASS SERVICE

A worldwide footprint with locally adapted service: our extended distributor, dealers and partners network allows us to offer tailor-made support, adapted to your specific requirements.

TRUSTED BY OEMS AND INDUSTRY LEADERS

We have been working closely with OEMs and industry leaders for decades to develop tires that are tailored to your individual needs on any machine or application.

SUSTAINABILITY

With the aim of being a driving force in sustainable mobility, our vision for the next thirty years is that by 2050, our tires will be entirely produced with sustainable materials and that every effort is made, across every stakeholder industry, to ensure that 100% of end of life tires are recycled or reused.

WAREHOUSING & DISTRIBUTION / MANUFACTURING

TIRE RANGE AND SERVICES

EFFICIENT AND SAFE OPERATIONS FOR ANY WAREHOUSING ENVIRONMENT

At Michelin, with Camso, we accelerate your activities for more efficiency. As off-the-road mobility specialists, we developed our expertise in the field, with our clients and partners, understanding and foreseeing the challenges of today's evolving warehousing and logistics industry.

Our products are engineered and manufactured with rigorous quality standards to guarantee the safety and reliability of your operations. Be it radial, bias, solid resilient, press-on tires, or wheels, we have the technology and the range to match your needs.

GOING FURTHER THAN PRODUCTS AND SERVICE, WE HAVE THE MINDSET TO BE YOUR BEST PARTNER

To reach the highest productivity levels required in your industry, we provide the optimal material handling and logistics solutions, no matter the environment or the intensity of your application. Designed to OEM specifications, our tires and wheels ensure smooth, safe operations at the lowest operating cost, providing maximum uptime for your fleets.

Our portfolio also features a worldwide service coverage available 24/7, helping you get the job done, on time. We are the industry's largest service provider, and the only one with a custom-made offering to meet all of your specifications. Whether it's tire filling, regrooving, tire supply and fit or professional fleet analysis, you name it -

WE HANDLE IT.

“ Carrying out regular tests and sending our teams in the field at clients’ locations enables us to recommend adaptive solutions for their specific requirements. After experiencing some overheating and blowout issues in severe applications, a client turned to our team for advice. Previous tires were able to handle the intensity of the application, but they could only deliver a lifespan of one to three weeks, at best. Based on their analysis, our team installed Solideal PON 775 NMAS tires on their lift, which have 63% better resistance to heat build-up and 33% greater energy efficiency compared to previous generation, after more than 700 hours of service. ”
